

Taiki Nakamura

M.S Student

Tokyo, Japan

supikiti22@gmail.com

Nationality

Japanese

Profile

My research interests are voice conversion, speech recognition, machine learning, and so on.

Employment History

Part-time Engineer, Retrieva, Tokyo

January 2018 — Present

Belonged to the Speech Recognition team.

Part-time Engineer, RevComm, Tokyo

November 2019 — Present

Belonged to the acoustic engineering team.

Education

M.S, Graduate School of Information Science and Technology, The University of Tokyo, Tokyo

April 2020 — Present

- Supervisor: Koriyama Tomoki, Hiroshi Saruwatari

B.S. in Systems Innovation, University of Tokyo, Tokyo

April 2017 — March 2020

- Supervisor: Hajime Yamaguchi
- Graduation thesis: Seawater Splash Estimation Method for Ships Using Machine Learning

Foundation degree, National Institute of Technology, Fukushima College, Fukushima

April 2012 — March 2017

- Supervisor: Susumu Toyoshima

International Conferences (Peer-Reviewed)

Taiki Nakamura, Yuki Saito, Shinnosuke Takamichi, Yusuke Ijima, and Hiroshi Saruwatari

September 2019 — September 2019

"V2S attack: building DNN-based voice conversion from automatic speaker verification," Proc. The 10th ISCA SSW, pp. 161--165, Vienna, Austria, Sep. 2019

August 2020 — August 2020

Internships

Research, Hitachi, Tokyo

August 2020 — September 2020

Research, CyberAgent, Tokyo

October 2020 — November 2020
